Z+32 ZERO PLUS HARNESS FULL BODY QUICK RELEASE BUCKLES

The Zero Plus Tradesman Harness provides all the comfort and benefits of Zero Plus range. This popular harness is ideal for construction work, roofers, vertical climbing as well as general purpose and fall arrest. The new-look Zero Plus Harnesses now incorporate a new colour scheme that is neutral yet eye catching with contrasting stitching. Ideal for the professional construction worker that demands comfort and premium safety. Breathable mesh fabric in the shoulder and leg pads gives the wearer support and comfort while helping to keep them cooler and dryer.

Code: 663504

Z+86R ZERO PLUS HARNESS TOWER FULL BODY QUICK RELEASE

The Zero Plus Tower Harness is a revolutionary new and ergonomic design that combines the practical Tower design with electrical isolating and rescue features. This makes the Zero Plus Tower Harness a comfortable and easy to don harness, with fall arrest and positioning attachment points connecting the supremely comfortable work positioning support sling, to ensure maximum comfort during long periods of work positioning

Code: 679644

Z+90 ZERO PLUS HARNESS ABSEIL FULL BODY QUICK RELEASE

Designed for specialist rope access technicians and work positioning, the Zero Plus Abseil Harness is streamlined in style, for agility and comfort for the wearer in a multitude of applications. The new Zero Plus Abseil Harness combines all the features and benefits of the original rope access harness, with the addition of an easy chest adjustment, centre belt back work positioning attachment point, and a padded, widely spaced shoulder panel. Versatile design allows use for a multitude of applications including general rope access and abseil, industrial fall arrest, work positioning and tower climbing.

Code: 679646

ZX671 ZERO HARNESS XTOL GENERAL PURPOSE

Multi-purpose, general fall arrest harness highly rated to 180kg, giving assurance of premium performance for all users with tool loading included. The harness is ideal for construction work, roofers, vertical climbing as well as general purpose and fall arrest - front and rear fall arrest D-ring attachment point. Quick connect buckles with chest and leg adjustments providing correct and secure fit. Lightweight, high strength synthetic webbing construction for durability and strength. Fully adjustable for best comfort and fit.

Code: 679648

M HEIGHT SAFETY

Z+71R ZERO PLUS HARNESS RESCUE FULL BODY QUICK RELEASE

A favourite with emergency services and rope access technicians, the Zero Plus Works Rescue Harness is a tried and proven workhorse that can be used in a multitude of applications. The new Zero Plus Works Rescue Harness combines all the features and benefits of the original rope work version with the addition of chest fall arrest attachment point, rescue retrieval attachments and padded shoulder panels.

Code: 679645

HARNESS KEVLAR FULL BODY Z-30N

Non-flammable general purpose harness made from aramid polyester webbing. Front and back anchorage points. Fully adjustable. Quick connect buckles. Dorsal extension. Karabiner attached. Suitable for hot works like welding, grinding, soldering and metal cutting.

Code: 582308

HARNESS FULL BODY STD BUCKLES Z-30/S MED XL GENERAL PURPOSE

General purpose harness with front and back attachment points. Fully adjustable with quick connect buckles. Dorsal extension. Karabiner provided with front attachment loops. Suitable for general tradesmen, construction workers, roofing, vertical climbing and access equipment.

Code: 663512

Z+52 ZERO PLUS HARNESS GENERAL PURPOSE+POSITIONING BELT M-XL

The Squids® 3190 Tape Measure Tethering Kit allows you to tether one standard 2lbs / 0.9kg tape measure, making it easy to use your tape measure while preventing dropped objects when working at heights.

WHAT'S INCLUDED

Includes a Squids® 3130S Coil Lanyard and a Squids® 3770 Tape Measure Trap

Code: 427741

WEB TOOL TAILS 3700 2LB 6-PACK ORANGE 19704 ERGODYNE

Web Tool Tails™ provide retrofit attachment points to a variety of tools and equipment up to 2lbs (0.90kg) using Squids® Tape Traps Features
Approved to the ANSI/ISEA 121-2018 standard
Ultra strength nylon webbing
Fully enclosed plated D-ring for secure attachment
High tensile strength nylon thread
Web catch with double stitch for more durable stop
Used w/ Tape Trap; creates retrofit tether point
Maximum safe working capacity: 2lbs // 0.9kg

Code: 427746

WRISTBAND 1500086 SALA

Adjusts to virtually any wrist size with hook and loop system
Includes a 3M™ DBI-SALA® Steel Cable Retractor with attached trigger to connect directly to your tool
Elastic band helps ensure a comfortable fit
Attached trigger can be used to quickly work with many hand tools

Code: 461800

RADIO/CELL PHONE HOLSTER 1500089 SALA

Adjusts to the size of virtually any portable radio or cell phone
D-Ring connection point anchors the supplied coil tether
Can be used from a belt or harness

Code: 461801

Hammer Holster - Belt with Hook2Quick Ring Coil Tether with Tail

Hammer holster allows for the safe holstering of virtually any hammer under 5 lbs. (2.26 kg)
 Built-in D-ring on side of holster is rated for 5 lbs. (2.3 kg)
 During transport, the Hammer Holster can be locked shut with a hook and loop strap
 While being used, the strap can be locked up allowing for easy hammer access and holstering
 High visibility reflectors
 Includes Hook2Quick Ring Coil Tether with 2 lb. (0.9 kg) capacity
 Hammer holster, 5 lb. (2.3 kg) capacity, includes Hook2Quick Ring Coil Tether with Tail.

For optimal performance, the Hammer Holster should be used with the 3M™ DBI-SALA® Hook2Quick Ring with Tail. 1" D-Rings are located on both sides of the holster allowing for the user to tether their tool however they prefer. A Hook and loop closure strap protects hammers from accidental drops during transport, but keeps the tool available when in use. This combination also includes a 3M™ DBI-SALA® Hook2Quick Ring Coil Tether with Tail, providing everything necessary to tie off a hammer.

Code: 461809

Scaffold Wrench Holster with Retractor - Belt with Hook2Loop Bungee Tether

Hook and loop closure strap keeps tools secure
 D-Ring connection points has 5 lb. (2.3 kg) capacity

Code: 461802

Small Parts Pouch

Small parts pouch is ideal for nuts, bolts, screws, nails and can be used from a belt or harness
 Innovative self-closure system traps objects inside, making it nearly impossible for them to fall out
 Easy to retrieve objects since no opening or closing is necessary
 Made from 18 oz. duck canvas
 Meets ANSI / ISEA 121-2018
 Small parts pouch, innovative self-closure system, canvas, black.

Designed with drop prevention in mind, our patented Small Parts Pouch guards against accidental drops the moment something is put inside. With an innovative self-closure system that traps objects inside, the Small Parts Pouch makes it nearly impossible for objects to fall out once placed in the bag, while making it easy for retrieval by the user since no opening or closing is necessary

Code: 461803

Safe Bucket - Hook and Loop Canvas

Heavy-duty 24 oz. cotton duck canvas
 Innovative hook and loop closure system
 Carabiner and hoisting strap
 Six built in connection points for tethering tools with 10 lb. (4.5 kg) load rating each
 Puncture resistant plating sewn into the base of the bucket
 100 lb. (45.4 kg) load rating
 15 in. height x 12.5 in diameter (38 cm x 31.75 cm)
 Canvas bucket with hook and loop closure system, 100 lb. (45.4 kg) capacity.

Every 3M™ DBI-SALA® Safe Bucket is manufactured with either a hook and loop or drawstring closure system which helps prevent accidental drops.

Code: 461804

KLEIN BUCKET TOOL WIDE STRAP & HOOK CANVAS KE5109PS

Klein Tools wide opening straight wall Bucket with Internal Pocket is made of strong No.6 canvas. Bottom made of black molded polypropylene for durability. Web handle extends down the sides of the bucket for added strength. High-density polyethylene top ring for strength and chemical resistance. Internal pocket 203mm x 203mm. Equipped with swivel snap hook. 34kg load limit. (for non swivel snap hook model refer to code KE5109)

Code: 348115

KLEIN BUCKET TOOL TAPERED & HOOK CANVAS KE5171PS

Klein 5171PS heavy duty tapered wall bucket with 4 outside pockets made of heavy-duty No.4 canvas. Bottom made of black molded polypropylene for durability. Rope handle reinforced with leather for water resistance and strength. Riveted leather glove strap. High-density polyethylene top ring for strength and chemical resistance. Equipped with swivel snap hook. (for internal pockets model refer to code KE5172PS)

Code: 348116

TRIPOD W/CHAIN & BAG TM-9 2.35M

The Zero Aluminium Tripod is a multifunctional power package on three legs. It is ideal for lifting loads, assisting in access to confined spaces, as well as for securing and rescuing people. Easy to use, the tripod offers complete safety without having to be anchored to the ground. The head is aluminium alloy with four attaching points, and includes pulley. Zero Tripod wire winch, full body harness and spreader bars are available to complete a confined space kit, extras are not included with the tripod and are priced separately.

Code: 561788

TM-12 ALUMINIUM TRIPOD W/BEAM & TROLLEY 7FT

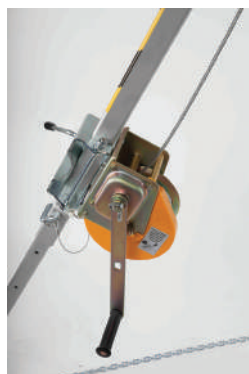

The Zero Pentapod takes confined space access to a whole new level with multiple zones for vertical drop. Huge spacing means many difficult or restrictive spaces can be bridged. Quick to erect, the Pentapod is simple and reliable with the gantry beam and trolley adding new agility to working around shafts, compatible with winches and retracting rescue winches for complete adaptability and safety. The tripod can be used separately without the beam. Suitable for both personnel and cargo, the Zero Pentapod has a massive dual rating of 1000kg at the tripod end and 500kg at the twin leg end of the beam. Note; different winches may be required for cargo loading and PPE confined space fall arrest systems. The heads are aluminium alloy with various attachment points. The beam has 2 lockable rolling trolleys. Telescopic legs are aluminium for lightness and strength, adjustable in length and equipped with pivoting feet for either rubber padding or spikes for slippery terrain. Shipped in a large cargo box, spreader chain included. Suitable for up to two persons.

Code: 663656

RUP-502 25 WINCH FALL ARREST/ RECOVERY 25M WITH PULLEY

Lifting rescue device. Lifting and lowering device with automatic braking, ideal for confined space work and rescue. Fits to Zero Tripods. Galvanised steel cable. Includes mounting bracket, PL-101 Pulley and fall arrest spring shock absorbing device.

Code: 663655

CRW-300 25 RETRACTABLE RESCUE WINCH 25M

A retractable type 3 fall arrester including rescue lifting device. The device is equipped with hand operated winch with automatic brake which prevents self-contained descent of a person. The device may be used both in vertical arrangement (suspended to a structure) and installed on the tripods. For the tripod arrangement, the device should be applied with a mounting adaptor dedicated for this purpose. The device casing is made of aluminum alloy. Galvanized cable of 5mm diameter, equipped with wide range karabiners (hook type with swivel). All important (motional) mechanisms are placed into sealed chamber. To install, the device should be fitted with a Mounting Bracket (AT-171) for the TM 9 tripod, or the AT-172 Mounting Bracket for all other tripods.

Code: 663600

HEAD PROTECTION

TIE COOLING EVAP SOLID BLUE E6700CT-B ERGODYNE

Ergodyne Evaporative Cooling Bandana. Activate by soaking in water for 1-2 minutes. Re-usable, just soak in water to re-active. PVA Cooling Technology - This unique cooling technology provides relief even on the hottest days. Products featuring Polyvinyl acetate (PVA) material offer a lightweight, low-profile solution that activates quickly by submerging in water (temperature of water does not matter) for less than one minute, resulting in hours of sweet, cooling relief. Providing a superior chill without the added bulk, weight and slime of conventional cooling solutions, this patented technology is the latest in cooling innovation.

Code: 258360

H7P3E EARMUFFS HELMET ATTACH CL5 PELTOR 70071516283

The H7 Series has been developed for demanding noisy environments with increased low frequency attenuation.

Code: 676863

EARMUFF H7F CLASS 5 FOLDING GRN 70071516309 3M

The H7 Series has been developed for demanding noisy environments with increased low frequency attenuation. The sealing rings are filled with a unique combination of liquid and foam. The result is an optimum seal with low contact pressure, which provides agreeable comfort even during long-term use. The H7 Series is a suitable choice for typical environments with substantial industrial noise or construction machinery, airports and agricultural work.

Versatile high quality earmuffs meet the protection needs of almost any working environment

Available in headband, neckband & helmet attachment format

Patented liquid & foam filled cushions provide a quality noise seal with low pressure for all day wearer comfort

Stainless steel headband wired with four point suspension helps distribute cushion pressure evenly & ear cups pivot for consistent fit

Code: 676865

EARMUFF SYNC ELECTRO CLASS 5 BLUETOOTH RECHARGEABLE BLK

Code: 372654

EARMUFF X4P3E CLASS 5 CAP ATT SLIM GRN/GRN XA007707970

The X-Series earmuffs are 3M's latest advancement in hearing conservation. New technologies in comfort, design and protection all come together in this ground-breaking earmuff line. The X4P3E utilizes a newly designed spacer, specially formulated foam liners and innovative ear cushions to help improve attenuation.

HEAD PROTECTION

EARPLUG AIRSOFT CLASS 5 MULTI-USE AS-1 50BX

Optimized for exceptional in-ear comfort, Honeywell AS-1 AirSoft's new four-flange design creates a better seal in the ear canal, delivering optimal protection and increased comfort for long-term wear. Internal fins create an interlocking, noise-blocking barrier within the air pocket, providing dependable attenuation for all wearers upon proper insertion.

At the same time, AirSoft's firm stem and tapered shape facilitate easy insertion and removal, and allow the earplug to sit comfortably in the ear canal.

FEATURES

- Advanced air pocket design features internal noise-blocking fins
- Four-flange profile creates better seal in the ear canal
- Less pressure in the ear canal eliminates that "plugged up" feeling
- Rounded flanges, tapered shape fits better in the ear canal
- Firm stem facilitates easy insertion and removal
- Outstanding noise-blocking protection - highest attenuation in reusables
- Provides more comfort than other flanged, reusable earplugs due to the softer flanges not applying as much pressure

Code: 680357

EARPLUG AIRSOFT CLASS 5 CORDED MULTI USE AS-30R 2PK

AirSoft® earplugs connected with a red polycord. Optimized for exceptional in-ear comfort, AirSoft's new four-flange design creates a better seal in the ear canal, delivering optimal protection and increased comfort for long-term wear. Internal fins create an interlocking, noise-blocking barrier within the air pocket, providing dependable attenuation for all wearers upon proper insertion. At the same time, AirSoft's firm stem and tapered shape facilitate easy insertion and removal, and allow the earplug to sit comfortably in the ear canal.

Code: 357665

EARPLUG P3000 CLASS 3 CORDED TRI-FLANGE 70071515723 3M

- Vinyl cord connects earplugs
- Triple-flanged, pre-molded design
- Livewire stem fused with flanges looks cool, inserts easily and fits comfortably
- Soft, flexible retainer clip helps the earplug stay in the ear during rigorous activity

Code: 676836

EARPLUG CLASS 5 ORA DE200-OU ESKO VORTEX

Vortex bullet-shaped earplugs foam uncorded 26dB Box 200 pairs, Class 5 AS/NZS 1270 Certified

- Soft, easy to roll and positive insertion
- SLC80 26dB - protection for noise levels to 110 dB(A)
- PU foam Class 5 AS/NZS 1270 certified
- Pairs packaged in individual polybags
- Fluoro orange for high visibility

Code: 641834

EARPLUG CLASS 4 TPR BLUE RE50-BU 50PR VORTEX ESKO

- Vortex Reusable Uncorded, Class 4, SLC₈₀: 22dB
- Comfortable, quick insertion
- Reusable, washable TPR earplug
- Class 4 AS/NZS 1270 certified
- SLC₈₀ 22dB - protection for noise levels to 105 dB(A)
- Each pair is packed in a sealable plastic case with belt hook

FILTER DUST/MIST/FUME 2135 P2/P3

Provides protection against: Particulates (P2/P3*). * Higher P3 protection factors only achieved with a 3M Full Face Respirator, otherwise P2 protection level when worn on a 3M Half Face Respirator.

Protection Factors: Note that any filtering respirator should not be used for protection at airborne concentrations of contaminants above the relevant Immediately Dangerous to Life or Health (IDLH) levels. This cartridge/filter, when used for protection against the contaminants as specified, is capable of providing the following protection levels: - With a 3M 6000/7500 Series Half Face Respirator: for particles, for airborne concentrations up to 10 times the Workplace Exposure Standard (WES) - With a 3M 6000/7800 Series Full Face Respirator: for particles, for airborne concentrations up to 100 x WES

Common Applications/Hazards: For protection against toxic particles such as asbestos (refer to local government guidelines). Also for mould remediation and Beryllium

Made from 3M high performance filter media for effective filtration efficiency

Lightweight and provides low breathing resistance

3M™ Bayonet Connection System ensures precise and secure locking

Low profile and well balanced twin filter design

Suitable for use with 3M™ Half Face Respirators 6000 / 6500QL / 7500 Series and 3M™ Full Face Respirators 6000 Series

Code: 622280

RESPIRATORY

PARTICULATE FILTER 5925 P2 10 PAIR/BOX 3M

Provides protection against: Particulates (P2), including those containing oil.

Protection Factors Note that any filtering respirator should not be used for protection at airborne concentrations of contaminants above the relevant Immediately Dangerous to Life or Health (IDLH) levels. This cartridge/filter, when used for protection against the contaminants as specified, is capable of providing the following protection levels: - With a 3M 6000/7500 Series Half Face Respirator: for particles, for airborne concentrations up to 10 times the Workplace Exposure Standard (WES) - With a 3M 6000/7800 Series Full Face Respirator: for particles, for airborne concentrations up to 50 x WES

Common Applications/Hazards: For protection against certain particles, dusts, mists and fumes such as sanding, grinding, cutting, drilling metal, masonry, wood, concrete and mist droplets from spraying
To be fitted with the 3M 6000 Series Cartridges and the 3M 501 Retainer

Code: 410938

PARTICULATE FILTER WHITE PAIR 3M 6035 P2/P3

Common Applications/Hazards: - For protection against certain particles, dusts, mists and fumes such as sanding, grinding, cutting, drilling metal, masonry, wood and concrete - Carrying out lead or mould remediation - Also for certain asbestos tasks (refer to local Government guidelines***)
- Ideal if requiring a protective casing to deflect sparks, splashes or to wipe down

Solid top design reduces the chance of premature caking, clogging, or soiling with dirt, grime, water or dust

Protective casing aids decontamination practices

Temperature resistant cover protects filter media from heat, sparks or physical damage

Patented bonded web technology has more surface area than many standard filters which helps lower breathing resistance making it more comfortable to use

3M™ Bayonet Connection System ensures precise and secure locking

Low profile and well balanced twin filter design

Suitable for use with 3M™ Half Face Respirators

6000 / 6500QL / 7500 Series and 3M™

Full Face Respirators 6000 Series

GLOVE ARMOUR NYLON LINT FREE GLOVE CONYLON2

Lightweight, durable nylon gloves useful for a number of tasks. The advantage of wearing a nylon glove over a polycotton glove is mainly that there is no lint from the glove that can get into or onto food or products. Nylon will usually also provide a tighter fit enabling a better "feel". They keep the hand warm. Nylon gloves are easier to wash and are fully reversible. Suitable for use in the food industry and for all inspection type tasks.

FOOTWEAR

BISON EXTREME BOOT LACE UP BLK XTL-102

Enhanced safety by reduced risk of slips, trips and ankle-roll, and increased toe cap protection. Wide fit sole sizing minimise excess toe space trip hazard, maximise surface area grip contact and eliminate rub-zones and enhance fit comfort. Grip - new Nitrile rubber out-sole compound and multi-directional tread design delivers maximum grip on all surfaces. Nitrile rubber outsole offers extreme protection up to 300°C. Support with a unique 4 layer heel support system gives enhanced heel and lower leg stability support to prevent ankle roll. Ergonomics - rocker bottom sole design with relived upturned toe and heel section aids forward motion, reduces wearer fatigue, and reduces risk of common toe trip and heel strike slips.

JOHN BULL PYTHON BOOT LACE UP BLK 6506

These are perfect if you work in an environment where you like to look good but don't need heavy-duty footwear. They have a steel toe cap and other safety features so you're still protected and are slip resistant too. Gotta be happy with that. Excellent for office/admin workers and those in the transport and warehouse industries.

BLUNDSTONE WOMENS LACE UP BLK

Black And Blue, Style 884

Lightweight comfort is combined with a composite safety toe and XRD® cushioning in the footbed and midsole, making them perfect for long days on the job.

Features:

- Black, breathable, lightweight nylon upper
- XRD® Technology inserted in the forepart of the innersole and in the removable footbed for better impact absorption. The footbed is also antibacterial, washable and breathable
- A rubber outsole that's oil, acid and organic fat resistant. This outsole is also heat resistant to 140°C

Safety Standards:

- Standard A/NZS 2210.3:2009-Classification I
- Standard ASTM F2413-17 Including SD (Clause 5.6)

BLUNDSTONE 025 GUMBOOT GREY

These boots feature a steel toe cap to protect those toes. They also have reinforced ankle and heel kick off lip. PVC/Nitrile compound is chemical, oil and acid resistant. Soft metatarsal pad to cushion the delicate metatarsal bones of your feet and reduce stress on pressure points while allowing full flexibility. Upper design with additional protective patterning provides greater resilience to cuts and abrasion in vulnerable areas. PU footbed with arch support and the revolutionary XRD® to provide extra cushioning and absorption/redirection of shock. Anti-bacterial, breathable and washable. Heavy duty tread base for extra stability, with sole pattern that resists clogging providing superior grip in all conditions. Knit lining for comfort. Ergonomically engineered toe spring reduces wearer fatigue.

LIGHTING

RED/GREEN TRAFFIC SIGNALLING BATON LED

- LED Red/Green Signalling Baton / Wand 310mm
- Six modes: off, green steady, green flash, red steady, red flash, white torch
- Single push button switch for all modes
- 9 red, 9 green LEDs for high brightness
- Strong magnetic base enables fixing to vehicles or equipment
- Impact, chemical and water resistant
- Ideal length (310mm) to operate through a vehicle window
- Requires 3 type AA batteries (not included)

Code: 464954

WAND ULTRA 300MM

Features:

- Highly visible
- Bright LEDs with multiple modes
- Ribbed grip design
- Hard-wearing plastic construction
- Battery powered
- On/ Off / Mode selector button
- Length: 330mm
- Width: Top - 30mm, Base - 40mm
- Colour: Red
- Functions: Fast flashing, slow flashing & steady
- LEDs: 3x LEDs located in the handle of the wand
- Batteries: 2x C batteries (not included)

Code: 240385

LED FLASHING/STEADY WAND

NightStick LED Signalling Wand 420mm for directing traffic or events, bright red light for daylight or night use, on/strobe/off functionality, IP-X7 Waterproof, lightweight for long use, powered by 3 AAA batteries (included).

HEADLIGHT 3XLED 3AAA HDL33A1 ENERGIZER

This Energizer LED headlight comes with 2 lighting modes (Spot and Night Vision) and is ideal for bicyclists and miners. It has 4 LED bulbs for optimum lighting. The hands free headlight comes with a comfortable elastic head strap and offers exceptional run time. The device is powered with 3 Energizer MAX AAA batteries

Code: 524930

ENERGIZER HARDCASE HEADLIGHT

Demanding work conditions require heavy-duty tools. Our industrial flashlights & battery powered portable work lights offer solutions for all of your requirements on the work site, from small inspection jobs to long-distance lighting needs. Light your work with durable battery-powered industrial grade lighting from Energizer®. Features & Benefits: Survives 7m drop. Brightness: 250 lumens intense beam. Runtime: 4h 45min. Beam distance: 125 meters. Weatherproof. 6 different light modes: Full (high/low), Spot (high/low), Flood (high/low). Powered by 3xAAA batteries included

Code: 306282

ENERGIZER VISION HD HEADLIGHT RED

The Energizer® Vision HD headlight is another innovative headlight solution from the Energizer® premium headlight line. With the latest LED technology, users get a bright, lightweight hands-free solution with ample run time capability. Patented optics offer exceptional direct & peripheral vision, making the Energizer® Vision HD a perfect light for home, work & outdoor activities. With advanced switching technology, users can control the intensity of light from 100% to 10%, & enjoy Next Push Off technology to avoid unnecessary switch cycles. With an adjustable head strap, water-resistant design & pivoting head to direct light exactly as needed, this headlight is another way Energizer continues to deliver innovative lighting solutions

Code: 306285

ENERGIZER VISION HD+FOCUS HEADLIGHT GREY

The Energizer® Vision HD+ Focus headlight is another innovative headlight solution within the Energizer® premium headlight line. With the latest LED technology, users get a bright, lightweight hands-free solution with ample run time capability. Patented optics offer exceptional direct and peripheral vision, making the Energizer® Vision HD+ Focus a perfect light for home, work and outdoor activities. Featuring patented digital focus, users can easily broaden or narrow their field of vision with a simple button press. And thanks to Memory Recall can quickly access to their favorite focus setting next time they switch the light on. With an adjustable head strap, water-resistant design and pivoting head to direct light exactly as needed, this headlight is another way Energizer continues to deliver innovative lighting solutions

LIGHTING

FLOODLIGHT LED BATTERY 20W 1600 LUMENS RECHARGEABLE

The perfect portable work light. Available in 20W & 50W this rechargeable battery powered LED floodlight is a must-have for all tradesmen.

FEATURES

- Slim & compact design for ease of storage
- USB outlet to charge other devices
- 4-5 hour battery run time
- Two light level settings - 100% and 50%
- Bluetooth connection function to play music
- Rechargeable Li-ion battery
- 12V DC & 230V AC charger
- Optional magnetic base #LEDPORT-MAGBASE that clips onto the light
- Optional spare battery - leave one charging while other is in use

IDEAL FOR

- Lighting small spaces - ceiling cavities, under buildings
- Heat sensitive situations - LEDs are cool running
- Places where the light direction is moved often
- Areas where there is no mains power

Code: 351185

BEACON 12/24V 3 BOLT ORA

12V or 24V option available. Fibreglass reinforced nylon base. Shatterproof polycarbonate dome, screw in mount. Worm gear drive, durable and long lasting. Metallized steel reflector with balance counterweight. Magnetic mounting option has rubber suction cup to protect paint work. Radio interference filter according to DIR. 95/54/CE.
