

M18™ COMPACT BLOWER

M18BBL-0 (TOOL ONLY)

FEATURES

- 3-speed electronic switch and variable speed trigger allows for versatile clearing power.
- Lock-on switch reduces user fatigue.
- Extension nozzle clears dust and debris easily from the ground or overhead without having to lean over or stretch.
- Universal inflater/deflater for easy set-up and take-down of most inflatable products.

SPECIFICATIONS

Voltage	18v
RPM	0-18,700
Air Flow Rate	0-258km/h
Length (Without Nozzle)	375mm
Weight (Tool only)	1.2kg

TOOL ONLY INCLUDES:

1x M18BBL-0, 1x 200mm (8") Nozzle, 1x 230mm (9") Nozzle Extension, 1x Universal Inflater/Deflater Attachment (Battery and Charger sold separately)

25L WET/DRY L-CLASS DUST EXTRACTOR

AS2-250ELCP (TOOL ONLY)

FEATURES

- Large 25 litre tank capacity ideal for workshop use.
- Power take-off with auto switching for power tools.
- Hose and cable storage enables easy transportation.
- Washable PET filter provides longer filter life.

SPECIFICATIONS

Voltage	240v
Power Input	1,250w
Air Flow Volume	3,600L/min
Canister Capacity	25L
Weight (Tool only)	10.4kg

TOOL ONLY INCLUDES:

1x AS2-250ELCP, 1x 3.5m Suction Hose, 1x Floor Cleaning Kit, 2x Power Tool Connection Adapters, 1x PET Filter, 1x Fleece Bag Filter, 1x Disposable Bag, 1x Crevice Tool

M18™ TRANSFER PUMP

M18TP-0 (TOOL ONLY)

FEATURES

- Self-priming pump.
- Splash-proof M18™ battery compartment.
- Viewing window helps identify blockages.
- 908L per charge using M18™ 5.0Ah REDLITHIUM-ION™ battery pack.

SPECIFICATIONS

Voltage	18v
Max Litres Per Minute	1,817
Max Lift (Clean Water)	5.5m
Fittings	19mm (¾") BSPT Brass Inlet and Outlet
Length	146mm
Weight (Tool only)	3.6kg

TOOL ONLY INCLUDES:

1x M18TP-0, 2x 19mm (¾") BSPT Brass Fittings (Battery and Charger sold separately).

30L WET/DRY L-CLASS DUST EXTRACTOR

AS300ELCP (TOOL ONLY)

FEATURES

- Robust polypropylene container with heavy duty castors and steel wheel axle.
- Onboard power tool socket with auto on/off and 5 second stop delay to extract residual dust particles.
- Washable, long-life PET filter.
- Onboard storage for all tools, hose, cable and accessories, making transport easy.

SPECIFICATIONS

Voltage	240v
Power Input	1,500w
Air Flow Volume	3,700 L/min
Cannister Capacity	30L
Weight (Tool only)	10kg

KIT INCLUDES:

1x AS300ELCP, 1x 4m Anti-Static Suction Hose, 2x Extension Tubes, 1x Floor and Crevice Nozzle, 2x Power Tool Adapters, 1x Fleece Bag, 1x Disposable Bag
