

M18™ FORCE LOGIC™ 300MM² CRIMPER (TOOL ONLY)

M18HCCT-0C

The M18 FORCE LOGIC 300mm² Crimper is the most accurate way to crimp producing Cu/Al classified crimps. A New Jaw Design Holds the Connector for Instant Alignment and Predictive Force Monitoring (PFM) ensures proper pressure is reached on every crimp. PFM actively measures pressure and automatically modifies all performance levels of the system allowing the high speed hydraulic pump to power through the beginning of a cycle and land at precisely the right pressure, protecting internal components, to complete the crimp. MILWAUKEE Crimpers feature a fully enclosed high speed hydraulic pump, POWERSTATE Brushless Motor, REDLINK PLUS Intelligence and REDLITHIUM-ION Batteries delivering Ultimate Reliability in the toughest conditions. Featuring MILWAUKEE ONE-KEY Technology, MILWAUKEE Crimpers enable you to store real time crimp data, generate professional reports, view historical tool performance data and sync it all wirelessly to the cloud for easy access.

FEATURES

- ✓ Revolutionary jaw hold connector for instant alignment
- ✓ Fully balanced for reduced fatigue
- ✓ Operates easily in crowded panels
- ✓ Predictive Force Monitoring: Industry's first adaptive pressure control system
- ✓ Delivers fast, accurate crimps
- ✓ 350° rotatable head allows easy cuts

SPECIFICATIONS

BATTERY	M18™ REDLITHIUM™-ION
CAPACITY	300mm ² Cu / 300mm ² Al
FORCE	6 Tons
LENGTH	337.8mm
PLATFORM	M18™
TYPE	Cordless
VOLTAGE	18V
WARRANTY	5 Years
