DOOR LOCK INSTALLATION

FEATURES

- Accurate, auto-centring drill guide in an easy-to-use design.
- Non-slip clamp prevents unwanted movement of drill guide during use.
- Prevents splintering of wood doors caused by blowout.
- Self-contained backset adjusters.
- Versatility: installs locksets and deadbolts on common interior and exterior wood and metal doors from 35mm to 44mm thick.
- Accommodates common backsets of 60mm and 70mm.
