#### Product Details

IceKing Freezer Apparel has been designed to address the need for better protection against extreme temperatures in the cold goods material handling industry. Armour Safety developed this IceKing range after numerous requests from industry frozen goods manufacturers complaining about the lack of garment performance in low temperatures. After extensive market research and trials with several well known frozen food manufacturers, Iceking was refined and developed. IceKing is a specialist garment designed to perform in very low temperatures for prolonged periods.

#### Features and Benefits

- Suitable for temperatures to -40°C
- 300D Oxford Rip Stop outer shell
