

# A FULL RANGE OF LASER LEVELS

## High-Performance Alignment and Layout Tools

### MINI CROSS-LINE LASER LEVEL

93MCLG

The Mini Cross-Line Laser Level has a compact and lightweight design that is easy to use and store in tight places. The Mini Cross-Line Laser Level provides a reliable pendulum self-leveling system with green laser level lines. Equipped with a magnetic mounting bracket and overmold design that is IP54 rated and protects from water and dust. Klein's Cross-Line Laser Level enables a multitude of alignment and layout applications. The single switch is a breeze to set up and take down, and lets users rapidly level and align on smaller indoor jobsites.

### GREEN PLANAR LASER LEVEL

93CPLG

The Compact Green Planar Laser Level is a full-featured laser leveling and alignment tool for professionals with a compact and lightweight design. Clear, bright green 360° lines in the X-, Y- and Z-planes project from this level up to 100' with an auto out-of-level detection ensuring accuracy. The Compact Green Planar Laser Level is equipped with an integrated magnetic mount and 1/4-20 tripod mounting threads enabling a multitude of alignment and layout applications.

### RED POCKET LASER LEVEL

93PTL

The Red Pocket Laser Level is a high-performance laser leveling and alignment tool for DIY'ers and professionals alike. The powerful red laser line is easy to see and use in all lighting conditions. The adjustable body and 3 axis lighted bubble vials allow a user to project laser lines that are level and at any angle the user needs. The fine adjust knobs enable more accurate laser placement than other laser line generators. Klein's Pocket Laser Level enables a multitude of alignment and layout applications because of convenient size, 3 lit vials, 3 orthogonal axis of rotation, and multiple attachment options built within the unit.
